After reading the public statement of this fellow sufferer, given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good healtn since, can be relied upon to perform the same work in other cases. Read

Mrs. Betty Fabricius, 213 Superior street, Chicago, Ill., says: "I never fail to advise anyone I hear complaining of kidney trouble to use Doan's Backache Kidney Pills. I was a sufferer from this complaint for years, and eight years ago I underwent an operation for gravel. I lay in the hospital for weeks, hovering between life and death, and was in such great pain that I felt as thought death would be welcome. I finally recovered sufficiently to be brought home, but I was by no means well. My back pained me so badly that was unable to do my housework, and at night I could not sleep. Dizzy spells and headaches annoyed me, and the kidney secretions were unnatural. I used all kinds of medicine, but became discournged and believed my case to be hopeless, as nothing seemed to help me. One day a friend recommended Doan's Backache Kidney Pills to me; in fact, gave me a few to try. In a day or so after I began their use I noticed improvement. I continued to get better right along, and the backache and other troubles soon disappeared. I am deeply grateful to Doan's Backache Kidney Pills for bringing this great relief, and no words too strongly express my opin-

Mrs. Fabricius gave the above statement on January 11, 1907, and confirmed it on February 9, 1909, in the following words: "The relief Doan's Backacha Kidney Pills gave me has been permanent, but I still keep this remedy on hand. I am glad to confirm all that I have previously said in favor of Doan's Backache Kidney Pills."

Dom's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per bex (six boxes \$2.50), or will be mailed on receipt of price by the Hollster Drug Co., Honolulu, wholesale agents for the Hawaiian Is-

lands. Remember the name, Doan's, and tuke no substitute.
